About Project Exhibition-

The coronavirus COVID-19 pandemic is moving like a wave consuming the world since its emergence late last year. We are witnessing an increase in the number of cases on a daily basis in India and around the world. In an effort to flatten the curve, several countries have imposed lockdown, quarantining citizens, testing and treating patients, carrying out contact tracing, limiting travel, closing schools and educational institutions. The pandemic has caused severe global socio-economic disruption. The Competition for Students is being held with an aim to motivate students to express skill through this online event.

EVENT CONDUCTION

The event is planned to be conducted in two rounds:

- I] Poster Presentation
- II] Seminar on Project Presentation.

There will be 2 categories

- A] 10th /12TH Students
- B] Diploma Students – [ALL BRANCH]

Poster presentation round held 04-JULY-2021, the winners will receive cash prizes and certificates, also all other participants will receive certificates of participation. All presentation having science theme.

The winners of the first round will at a later stage compete in the second round (Project presentation round) where in, the winners will receive a cash prize of Rs.20,000/- and Runners up will receive a cash prize of Rs.11,000/-.

PROSPECTIVE PARTICIPANTS:

The Project competition is intended for students from various school and diploma college.

About Institute
